NUQLIQUOR

What are cookies?

Cookies are small text files that are stored in your computer's memory and hard drive when you visit certain web pages. They are used to enable websites to function or to provide information to the owners of a website.

Why do we use cookies?

Cookies help us to provide customised services and information. We use cookies on all our Websites to tell us, in general terms, how and when pages in our Websites are visited, what our users' technology preferences are – such as what type of video player they use – and whether our Websites are functioning properly.

If you are using one of our password-protected sites, then the website may use cookies or other technology to help us authenticate you, store and recognise your configuration and user attributes, facilitate your navigation of the website and customise its content so that the information made available is likely to be of more interest to you.

In broad terms, we use cookies on our Websites for the following purposes:

- **Analytical purposes:** Analytical cookies allow us to recognise, measure and track visitors to our Websites. This helps us to improve and develop the way our Websites work, for example, by determining whether site visitors can find information easily, or by identifying the aspects of websites that are of the most interest to them.
- **Usage preferences:** Some of the cookies on our Websites are activated when visitors to our sites make a choice about their usage of the site. Our Websites then 'remember' the settings preferences of the user concerned. This allows us to tailor aspects of our sites to the individual user.

NUQLIQUOR

- **Terms and conditions:** We use cookies on our Websites to record when a site visitor has seen a policy, such as this one, or provided consent, such as consent to the terms and conditions on our Websites. This helps to improve the user's experience of the site – for example, it avoids a user from repeatedly being asked to consent to the same terms.
- **Session management:** The software that runs our websites uses cookies for technical purposes needed by the internal workings of our servers. For instance, we use cookies to distribute requests among multiple servers, authenticate users and determine what features of the site they can access, verify the origin of requests, keep track of information about a user's session and determine which options or pages to display in order for the site to function.
- **Functional purposes:** Functional purpose cookies store information that is needed by our applications to process and operate. For example, where transactions or requests within an application involve multiple workflow stages, cookies are used to store the information from each stage temporarily, in order to facilitate completion of the overall transaction or request.

Your cookie preferences

To make full use of NUQLiquor's Websites, your computer or mobile device will need to accept cookies, as our sites will not function properly without them. In addition, cookies are required in order to provide you with personalised features on our Websites.

Local Flash Storage

On certain of our Websites, we include content designed for display using Adobe Flash Player, such as animations, videos and tools. Local flash storage (often referred to as "Flash cookies") can be used to help improve your experience as a user. Flash storage is retained on your device in much the same way as standard cookies, but is managed directly by your Flash software.

If you wish to disable or delete information stored locally in Flash, please see the documentation for your Flash software, located at www.adobe.com. Please note that, if you disable Flash cookies, some site functionality may not work.

Third party cookies

When you visit our Websites, you may receive cookies that are set by third parties. These may include cookies set by Google, Unica, Forsee, Wall Street on Demand, Morningstar, Media Mind and/or Flurry. These cookies are used for the purposes described in the “Why Do We Use Cookies?” section of this policy. We do not control the setting of these third party cookies, so we suggest you might wish to check the third party websites for more information about their use of cookies and how to manage them.

Amending cookie preferences

If you wish to remove cookies set by our Websites from your browser in the future, you may delete them. The instructions for removing cookies from your computer or mobile device depend on the operating system and web browser you use. Please note, however, that withdrawing your agreement to the use of cookies on our sites will impair the functionality of the sites.

The site www.allaboutcookies.org includes instructions for managing cookies on many commonly used browsers, or you may consult the vendor documentation for your specific software.

Further information about cookies

If you would like to find out more about cookies in general and how to manage them, please visit www.allaboutcookies.org.

Third Party Websites

NUQLiquor disclaims responsibility for the privacy policies and customer information practices of third party internet websites hyperlinked from our Website or this Privacy Policy.

Security

NUQLIQUOR

NUQliquor protects your personal information when you transact business on our Website by requiring the use of a browser software program that supports industry standard SSL encryption with 128-bit key lengths. The "128-bit" designation refers to the length of the key used to encrypt the data being transmitted, with a longer key representing a higher level of security.
